

How To Complete Your Child's Daily Covid-19 Screening Online

STEP 1:

Find the Elementary COVID-19 Screening button.

Direct link: <https://student-covid-screening.dsbn.org/>

To access this tool every day, go to your [school website's home page](#) and look for the red **Elementary COVID-19 Screening button**. You can also find it on the DSBN's home page at www.dsbn.org.

You must do ONE self-screening PER CHILD.

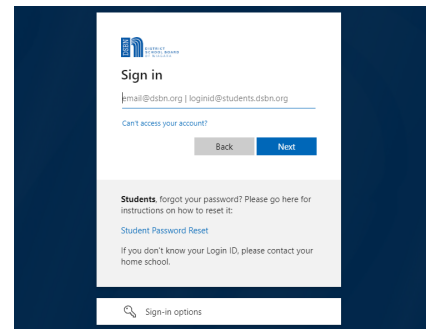

TIP: For the quickest access, try to Bookmark or Favourite the Elementary COVID-19 Screening tool to your phone or desktop!

STEP 2:

Login with your child's DSBN username.

To login, you will need your child's individual DSBN username and password. DSBN student accounts look like this: **<studentusername>@students.dsbn.org**.

Don't know your username or password?

Contact your child's teacher for assistance. You can reset your child's password by [clicking here](#).

STEP 3:

Begin the screening.

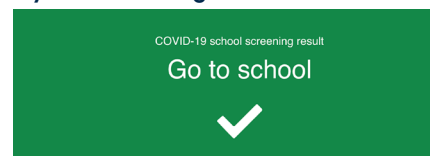

Please follow the screening until you are given a result (see Step 4). The first page looks like this:

STEP 4:

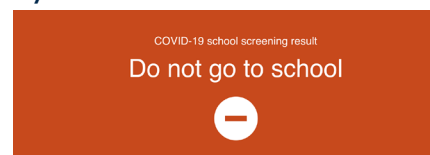

Getting the result.

Based on your responses, you will be advised whether or not your child can go to school that day. If you receive a "do not go to school" message, next steps will be provided.

If your child is eligible to attend school:

If your child cannot attend school:

▶▶ **Families must repeat this screening every day before their child can go to school.** ◀◀

To login with another child's student account from home, go to the blue icon in the top right corner and select logout. Proceed to login with the next child's DSBN username and password.

Any questions or concerns? Please contact your school.
